PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 1.5+ years of hands-on experience building scalable, production-grade web applications. Proficient in Laravel (PHP) for backend development and HTML5, CSS3, Bootstrap, JavaScript, and React.js for frontend. Experienced in RESTful API design, Eloquent ORM, database optimization, version control with Git/GitHub, and real-time integrations. Demonstrated ability to work independently on end-to-end modules and guide junior developers. Passionate about delivering clean, efficient, and maintainable code that solves real business problems.

TECHNICAL SKILLS

Languages: PHP, JavaScript, Python, SQL, Lua

Frameworks & Libraries: Laravel, AngularJS, React.js

Frontend: HTML5, CSS3, Bootstrap, Responsive Design, JavaScript

Database: MySQL, Laravel Eloquent ORM, Raw SQL Optimization

Tools & APIs: Git, GitHub, Postman, RESTful API Design, Minio

Concepts: MVC Architecture, CRUD Operations, Webhooks, Real-time Features, Caching

PROFESSIONAL EXPERIENCE

Full Stack Developer Trainee

Netaxis IT Solutions — Anna Nagar East, Chennai

Feb 2025 – Mar 2026

- Developed and maintained scalable web applications using Laravel (backend) and HTML5, CSS3, Bootstrap, JavaScript (frontend), ensuring high performance and mobile responsiveness.
- Designed and integrated RESTful APIs enabling seamless frontend-backend communication across multiple live production platforms.
- Optimized MySQL database queries using Laravel Eloquent ORM and raw SQL, achieving up to 15% performance improvement in data-heavy modules.
- Built real-time features using Pusher and managed file storage pipelines using Minio for image, video, and audio uploads.
- Worked independently on end-to-end feature modules across 5+ projects, from requirement analysis through deployment.
- Guided and mentored junior developers on Laravel best practices, code structure, and debugging techniques.
- Used Git and GitHub for version control, branching, and collaborative code reviews across all projects.

PROJECTS

HRMify | Tech: Laravel, PHP, MySQL

- Developed a comprehensive HR management system covering attendance, leave tracking, payroll processing, and salary management.
- Automated HR workflows to improve operational efficiency and data accuracy.

CTRLify | Tech: Laravel, PHP, Lua Scripting

- Built a centralized employee system configuration platform using Lua scripting.
- Implemented secure, dynamic access control with user-level permission enforcement.

SchoolKitify | Tech: Laravel, PHP, MySQL

- Designed a school management system for student attendance, marks tracking, announcements, and fee structure management.
- Improved communication and operational efficiency for educational institutions.

1.page | Tech: Laravel, PHP, MySQL, JavaScript, REST API — Live Production

- Built a high-performance one-page landing site builder with custom domain configuration.
- Developed 4+ REST APIs and dynamic frontend modules for marketing campaign pages.
- Improved dynamic page rendering architecture, reducing load time by up to 80%.

Memorial.website | Tech: Laravel, PHP, MySQL, Minio — Live Production

- Developed a personalized memorial site builder used by 500+ active users.
- Built Event and Gallery modules supporting image, video, and audio uploads via Minio with iframe live preview.
- Contributed to PayPal payment integration for subscription and one-time payment flows.
- Implemented real-time notifications using Pusher for user interactions.

EDUCATION

Bachelor of Computer Applications (BCA)

Apollo Arts and Science College, North Chennai | Graduated: April 2024

Higher Secondary Certificate (HSC)

Government Boys Higher Secondary School, Ponneri | Completed: 2021 | 72%

CERTIFICATIONS & TRAINING

- Full Stack Developer Training Certification — Netaxis IT Solutions, Chennai (2024)
- Advanced Diploma in C, C++, and Java — CSC Computer Education
- National Workshop on Research Methodology — St. Thomas College of Arts and Science

LANGUAGES

- Tamil — Native
- English — Professional Proficiency
